the Arts

November 16, 2002

DAYLIGHT LODGE #232

Trestleboard

www.daylightmasons.org

Worshipful Master Julian will open Lodge for the final stated meeting of 2002 at the hour of 10:00 a.m. on Saturday morning, NOVEMBER 16. THERE WILL BE A FELLOWCRAFT DEGREE CONFERRAL. Our Junior Warden Anthony Monaco has put together what looks to be an outstanding degree team. See below for more details.

Worshipful Master Julian is hoping that Senior Grand Warden Right Worshipful Sat Tashiro will have time in his schedule to make a quick stop and have a few words for the lodge. As this Trestleboard is being prepared, this is still a "maybe."

Keep in mind that there is no December meeting so your Worshipful Master and other officers, join every member in wishing every other member Holiday Greetings and a Happy New Year.

The Festiveboard Luncheon will be across the street from the lodge hall at Rosita's Restaurant. Everyone will be asked to contribute \$5.00 toward the cost of lunch and the lodge will pick up the balance.

The FC° Degree team Junior Warden Monaco has put together should look like this:

W\ Julian in the East
Rob Pitre in the West
W\ Jay Losey in the South
Ral Wilson - Senior Deacon
David Johnson - Working Tools
W\ Phil Ostendorf - Senior Steward
Greg Frick - Junior Steward
V\ W\ Ian Hyde - Lecture
W\ Bob Pratt - "G" Lecture
W\ Jim Maher - Charge

Attend and see another outstanding degree conferral.

The lodge web page is being redesigned and should be on line in about a month. Our current design was put together by W.: Brother Jay Losey about six years ago when he was in college. It was one of the first such pages in Washington but time moves on, designs age and go out of date, so a new design was pretty much needed. It will have the same www.daylightmasons.org address but will be a different design.

DUES ARE DUE NOW. . .

Life Members	\$8.00
65 & Over	\$65.00

Questions about Architecture - Seattle Landmark Trivia

1] What was the original name of the Space Needle?

- ☐ *The Northwest Tower*
- ☐ *The Space Cage*
- ☐ *AT & T Tower*
- ☐ *The Knitting Needle*

2] How much did the plot of land on which the Space Needle stands sell for?

- ☐ *\$15,000*
- ☐ *\$75,000*
- ☐ *\$1,000,000*
- ☐ *\$2,000,000*

3] How many cement trucks did it take to fill the Needle's foundation hole?

- ☐ *467*
- ☐ *47*
- ☐ *150*
- ☐ *5*

4] How far does the Needle sway in a 100 mph wind storm.

- ☐ *15 feet*
- ☐ *10 inches*
- ☐ *It doesn't*
- ☐ *3 inches*

5] The Space Needle's elevators travel down to the ground as fast as:

- ☐ *A half-ton of feathers*
- ☐ *A half-ton of coal*
- ☐ *A falling parachutist*
- ☐ *A snowflake*

So what does this have to do with Masonry? Nothing at all, but can you answer the questions?

Free government is founded on jealousy and not on confidence In questions of power, then, let no more be heard of confidence in man, but bind him down from mischief by the chains of the Constitution.
... Thomas Jefferson

FROM AN OLD RITUAL

If the object of the first degree be to symbolize the struggles of a candidate groping in darkness for intellectual light, that of the second degree represents the same candidate labouring amid all the difficulties that encumber the young beginner in the attainment of learning and science.

The Entered Apprentice is to emerge from darkness to light. The Fellow Craft is to come out of ignorance into knowledge.

The Fellow Craft degree, therefore, by fitting emblems, is intended to typify these struggles of the ardent mind for the attainment of truth --- And above all, that Divine truth, the comprehension of which surpasseth human understanding; and to which, standing in the middle chamber, after his laborious ascent of the winding stairs, he can only approximate by the reception of an imperfect and yet glorious reword in the revelation of that "hieroglyphic light which none but craftsmen ever saw."

Answers: 1) The Space Cage 2) 75,000 3) 467 4) 10 in 5) parachutist

Sorry to report that two Past Master, John Losey, Sr. and Martin Ringhofer have both been having heart problems. Brother Losey heads in for some work on November 8 or 9 and Martin may have to have a heart replacement. The lodge sends its best for a quick get well.

We see then how far the monuments of wit and learning are more durable than the monuments of power, or of the hands. For have not the verses of Homer continued twenty-five hundred years or more, without the loss of a syllable or letter; during which time infinite palaces, temples, castles, cities have been decayed and demolished.

Sir Francis Bacon (1561-1626)
